35

A detailed LEGO Technic model of a steam engine or industrial machine. The structure is built using a variety of grey, red, and white Technic bricks and beams. A prominent red vertical column supports a grey frame with arches. On the right side, there is a large grey cylinder with a white wheel attached to its top. A piston mechanism is visible in the center, with a red and yellow piston rod. The base is constructed from grey Technic bricks, and the entire model is set against a solid yellow background.
